INDIAN INSTITUTE OF DEMOCRATIC LEADERSHIP

An initiative of Rambhau Mhalgi Prabodhini

OVERVIEW

India is going through interesting times. The people are restless and aspire a better life for themselves. Leaders from politics, media and voluntary organisations play an important role in shaping the discourse and policy in democracy.

One of the biggest problem areas the country faces in the public sphere is dearth of genuine leadership, as today India has more netas than leaders. RMP has been striving to create leaders who would provide able leadership to the country at large than just indulging in netagiri.

Fortunately, today the democratic process has become much more engaging and participative than ever. The youth are more aware of their rights and duties.

The youth aspire to play a proactive role in the process of democracy. At the same time, the government and the polity needs young talent equipped with the right ideas and competencies to keep pace with the changing times.

Post Graduate Programme (PGP) in Leadership, Politics and Governance is a unique interdisciplinary course designed to close the gap between young talent and India's democratic polity and governance. The programme is targeted at students and young professionals who wish to make a career in the field of politics, governance, public affairs and leadership. The PGP is designed to produce trained, ethical and responsible leaders, in short - "New Leaders for a New India."
